

LED LIGHTING

PRODUCT CATALOGUE · 2026 Q1

Beest manufactures 299 lighting SKUs across eighteen categories — ceiling lights, downlights, panels, track, bulbs, outdoor and more. One source for your entire lighting catalogue, export-ready with OEM/ODM.

One factory behind the whole range

Beest is the global brand of Zhongshan Beest Intelligent Technology Co., Ltd., a China-based manufacturer producing a complete LED lighting range under one roof. We help distributors and importers fill their lighting catalogue with a single, accountable supplier — and the consistency, terms and documentation that serious export business requires.
